**DESCRIPTION**    From concept to completion, T. J. REAGAN, INC. (*in association with William Wilson and Associates*) worked closely with Oracle in the development of the final components of one of the most recognizable Peninsula corporate campuses completed in 1998. The building was the sixth real estate collaboration between the team of WWA, Gensler, Webcor, Oracle and the design-build MEP subcontractors, resulting in a smooth process that demonstrates the power of strong relationships in Bay Area development.
